

One of my more successful games is Call of Cthulhu. I have run it for years but never really got anything down to post to the web. I am slowly digging things up and posting them here. I have run this from 2nd edition all the way to 7th. I am have also run Realms of Cthulhu and Achtung! Cthulhu as well. All content related to those games will go here.

Other CoC ideas I had that I would love to do one day...

Magic 8 Ball Call of Cthulhu - I want to run a one-night adventure - semi-diceless and all decisions based on the Magic-8-ball.

Camp Call of Cthulhu LARP - Overnight in the woods - a la *The Blair Witch Project*
